

## Brendon's Birthday Bash

It was a great celebration at Lighthouse over the weekend. The house was full, and there were lots of delicious snacks. Thanks to everyone who attended and celebrated with Brendon throughout the week!

## Autism Acceptance

A special shoutout to everyone in our community who has been involved in recognizing and celebrating Autism Acceptance month. Whether you attended the flag-raising ceremony, helped create decorations, or promoted inclusion in your own way, you are appreciated!

## Basketball Buddies

After the Autism Acceptance event in Coldbrook, the gang stopped by Kentville to visit a basketball court and enjoy the warm weather.

## Stirring Things Up

Our friends were all smiles when it came to whipping up some treats.

## Another Wolfville Sign Shot

After Manon and Cameron took the debut selfie at the sign for Homefires News, now we have Jen M. in view, visiting the sign. Who will be the next people to take a photo at the Wolfville waterfront sign?

## Living the Good Life

There are so many great smiles happening in these photos. Let's continue to support one another and celebrate what makes us beautiful and unique.

Keep sending your photos in and sharing your experiences. Thanks so much!

# Wolfville's Got Talent!

Cassandra and Krystle strum along to a tune together.

Derek rocks a solo while Ilham plays the melody.

# Who's Who?

These photos appeared on April's door, and she doesn't know who left them or who is in them. Can you identify the folks in the photos?
