

## Lovely Day

It was so great to learn from our International Assistants about how their cultures celebrate love around the world. The tree of hearts proudly stands in our hall this week as we learn about each other's meaning of love.

## Celebrations Continue

Machelle had some birthday lunch visits with longtime friends. Liz Bonnar had lunch with Machelle a few weekends ago, and last weekend Maya Ranving took Machelle out for her birthday lunch as well. Machelle was full of smiles both times.

## Snow Day Fun

Nonie and Al got a few hands of UNO in while the snow was falling steadily last weekend.

## Meet Ilham

Ilham is one of our new Assistants and he is from Azerbaijan.

Nature has always held a special place in Ilham's heart. Biking, hiking, and camping have remained constants in his life. Alongside a love for the outdoors, Ilham also finds pleasure in exploring various culinary experiences.

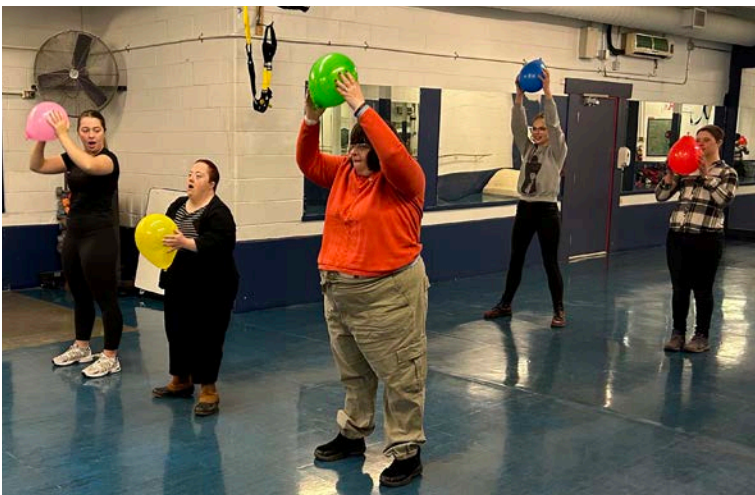

Ilham's journey with L'Arche started in the city of London, UK, where he had an amazing experience. This adventure led Ilham to L'Arche Arnprior in Ontario, Canada for two years.

Ilham expresses gratitude for the warm welcome and looks forward to sharing more stories and creating memorable experiences together now that he is with L'Arche Homefires.

## Keep Fit and Have Fun!

Stretching, playing games, and exercising are just a few ways we can stay in shape. Let's be kind to ourselves and continue to seek out experiences that create great memories and make us feel healthy.

# Lighthouse Pals Dog Days

Clementina and John pose for a photo for Homefires News.

It's such a treat to have pups pop by the art room for a visit!
